COPENHAGEN

PHAIDON

Sanders

Conceived by ex-ballet dancer Alexander Kølpin, Sanders is spread across three 1869 townhouses, and Lind + Almond's fit-out is warm and homely. The lobby is given a golden sheen by a Carlo Scarpa chandelier and the 54 rooms (Coupé +, pictured) are replete with colonial-style rattan and marble side tables. There's a scene on the roof terrace at weekends. Tordenskjoldsgade 15, T 4640 0040
