MALLORCAN *Magic*

An iconic hotel with stunning Mediterranean views awaits guests at El Vicenç de la Mar. By Serena Templeton

El Vicenç de la Mar is located in scenic Cala Molins, just 7 kilometres from Pollença on the west side of Cap Formentor.

Sitting on a crystal-clear cove, the hotel boasts 35 beautifully designed guest rooms including four suites and one penthouse. Selected rooms and suites have their own private terrace, jacuzzi or swimming pool. Privilege rooms have a shared swim-up pool, junior suites come with private outdoor hot tubs and signature rooms sport private terraces overlooking the dramatic coastline.

One of the standout features of the hotel is its multi-tiered rooftop terrace with a swimming pool, cocktail bar and two restaurants where guests can enjoy the sweeping views across Cala Sant Vicenç and the Sierra Tramuntana Mountains, which are a designated UNESCO World Heritage Site.

Dining options include Restaurant U Vicenç and the hotel's bistro restaurant U Mayol, each featuring a different menu combining the most natural Majorcan and Mediterranean cuisines. Restaurant U Vicenç is located on the rooftop terrace of the new El Vicenç and guests can discover cuisine straight from the traditional Mallorcan cookbook using locally sourced seasonal produce. U Mayol restaurant can be found in a beautiful seafront location with

delicious tapas and a variety of rice dishes, grilled meats, fresh fish and salads to savour.

When it's time to relax and rejuvenate, guests can indulge in a variety of beauty enhancing and body revitalising treatments from Natura Bissé. The spa is located on the ground floor and features a 13-metre-long heated pool that connects the indoor and outdoor areas of the spa. The gym is open 24 hours and is kitted out with the latest fitness technology equipment.

Originally a small fishing village, the town is built on a hillside, so it's perfect for vigorous walks along the spectacular hiking trails. Cap Formentor is one of most picturesque cycling routes on the island. Mountain climbing has also become very popular in the region.

Additionally, snorkeling and scuba diving excursions can be arranged from here and divers can explore underwater treasures including the remains of sunken ships dating back to the ancient Greeks right up to the early 20th century. The area also has some extraordinary caves and hypogeum from the Bronze age - it's said that they are among the most spectacular on the island.

Discover the warmth of Mallorcan hospitality and the timeless allure of the Mediterranean at El Vicenç de la Mar by entering our fantastic competition.
